Kursalon Vienna is an internationally established event location with over 160 prestigious events annually and a central venue for numerous guests from the industry, politics and culture. Constructed in the style of the Italian Renaissance with its four halls and extensive terrace, it is regarded as one of Vienna’s most magnificent buildings. But the Kursalon’s charm derives not only from its architecture; the central location on the Ring Boulevard, the direct link with the green of the City Park and its own car park combine to form a unique setting for memorable experiences.
