## Expected results

DECORATOR Model intends to contribute to the innovation of the construction sector according to the following pillars: digitalisation, sustainability and design/beauty. It will be tested by DECORATOR pilots with the objectives

- a) to capitalise the traditional building capability and regional peculiarities for innovation and sustainability;
- b) to enhance innovative business models based on digitalisation and circularity;
- c) to trigger the re-use of materials, enhancing the zero-waste in construction sector according to C2C principles;
- d) to re-imagining building's spaces with the support of creativity and culture for new sustainable constructions;
- e) to re-invent the building internal spaces with the support of Arts.

DECORATOR Cooperation aims to enhance transborder collaboration and mutual exchange of knowledge between Partners and Associated Strategic partners and construction value-chain will be involved addressed with increased knowledge and awareness on the digital and green innovation.

## DECORATOR partners

- Technology Park Ljubljana Ltd (Lead Partner)
- Rosenheim Technical University of Applied Sciences
- Foundation for Innovation, Technology and Transfer of Knowledge
- Pannon Business Network Association
- Bayern Innovative
- Business Upper Austria
- Croatian Chamber of Economy
- KO-FA Association / PRO WOOD Cluster
- Croatian Wood Cluster
- Creative Region Linz& Upper Austria
- University of Nova Gorica
- EDUPARK Nonprofit Kft./ MIENK Cluster
- University of Belgrade – Faculty of Forestry

## Associated Strategic partners

- Muzej za arhitekturo in oblikovanje (MAO)
- Digitalno inovacijsko stičišče Slovenija
