

OVERALL PROGRAM

INDIA PHARMA & INDIA MEDICAL DEVICE

DATE / TIME	EVENT
DAY 1 25th February, 2021 Thursday	
10:00 - 11:30	Inaugural Session and Awards Ceremony: India Pharma 2021 & India Medical Device 2021
12:00 - 14:00	INDIA PHARMA CEOs Roundtable with Hon'ble Minister for Chemicals & Fertilizers, Dept. of Pharmaceuticals, Ministry of Chemicals & Fertilizers. Govt. of India (By Invitation Only) *Physical & Digital: Vigyan Bhawan, New Delhi
14:30 - 16:30	INDIA MEDICAL DEVICE CEOs Roundtable with Hon'ble Minister for Chemicals & Fertilizers, Dept. of Pharmaceuticals, Ministry of Chemicals & Fertilizers. Govt. of India (By Invitation Only) *Physical & Digital: Vigyan Bhawan, New Delhi
17:00 - 19:00	International Drug Regulators Meet
DAY 2 26th February, 2021 Friday	
10:00 - 20:00	Global Investors Meet: Pharma & India Medical Device Sector by Invest India
	10:00 - 11:00 Session 1: Brand India
	11:15 - 13:15 Session 2: Investors Summit
	14:00 - 14:45 Session 3: Institutional Investors Session
	15:00 - 16:00 Session 4: Start-Up Session
	16:30 - 20:00 Session 5: Investors Roundtable
DAY 3 1st March, 2021 Monday	
INDIA PHARMA 2021 Conference, Theme: Indian Pharma Industry: Future is Now	
10:00 - 11:30	India Pharma, Session 1: Manufacturing and Supply: Strengthening base in domestic and global markets
11:45 - 13:15	India Pharma, Session 2: Ecosystem for R&D and Innovation: Moving up the value chain
14:00 - 15:30	India Pharma, Session 3: Healthcare Delivery & Market Access: Achieving sustainable and equitable access
15:45 - 17:15	India Pharma, Session 4: Next Frontiers
DAY 4 2nd March, 2021 Tuesday	
INDIA MEDICAL DEVICE 2021 Conference, Theme: India MedTech Future: Innovate & Make in India through Global Alliance	
10:00 - 11:30	India Medical Device, Session 1: Theme Session: Paving the Road for India's self-reliance in Medical Devices
11:45 - 13:15	India Medical Device, Session 2: Innovation and R&D Ecosystem
14:00 - 15:30	India Medical Device, Session 3: Increasing Access to Quality and innovative Medical Devices
15:45 - 17:15	India Medical Device, Session 4: MedTech's role in accelerating Digital Health to increase patient access, improve outcomes and deliver efficient healthcare

GLOBAL INVESTORS MEET

26th February, 2021, Friday

10:00 - 11:00	Session 1: Brand India Fireside Chat - Brand India <ul style="list-style-type: none"> • Pharmaceuticals (30 mins) • Medical Device (30 mins) 	
11:00 - 11:15	Break	
11:15 - 13:15	Session 2: Investment Summit	
13:15 - 14:00	Lunch	
14:00 - 14:45	Session 3: Institutional Investor Session	
14:45 - 15:00	Break	
15:00 - 16:00	Session 4: Start-Up Session <ul style="list-style-type: none"> • Innovative Start-Ups Session with VC Investor 	
16:00 - 16:30	Break	
16:30 - 20:00	Session 5: Investors Roundtable	
	16:30 - 18:00	Roundtable with Global Investors - Medical Devices
	18:00 - 18:30	Break
	18:30 - 20:00	Roundtable with Global Investors - Pharma

INDIA PHARMA 2021 - CONFERENCE PROGRAM

1st March, 2021, Monday

10:00 - 11:30	SESSION 1: Manufacturing and Supply: Strengthening base in domestic and global markets <i>Session Brief:</i> <ul style="list-style-type: none"> • How to develop capabilities in APIs and enable manufacture of complex generics, bio-similars, gene & cell therapies etc. • Ease of doing business is the most important enabler to set up world class manufacturing facilities • How to enhance attractiveness of manufacturing sector to attract the best talent in India and abroad • Given the growth ambitions, how to encourage and setup of Pharmaceutical machine manufacturing facilities in India that would result in lower fixed costs, savings in forex
11:30 - 11:45	BREAK
11:45 - 13:15	SESSION 2: Ecosystem for R&D and Innovation: Moving up the value chain <i>Session Brief:</i> For the last few years pharma, biotech innovation and start-ups have gained significant momentum in India. Pharma & Bio-tech sectors are amongst main contributory sectors to the ambitious goal of 5 Trillion USD aspired to make India a Start-up nation witnessing rapid growth in numbers of innovations and Start-ups in the country. Though the industry is responsible for some of the greatest medical advancements, there are still many health challenges needs to be addressed in areas like non-communicable diseases, infectious diseases and neglected diseases. Policymakers have an important role to play in ensuring that an enabling environment is maintained to support sustainable innovation. Hence, this session aims to provide a platform to: <ul style="list-style-type: none"> • Deliberate how to foster an ecosystem for innovation • Identify trends affecting innovation in the research-based industry • Deliberate how can we improve access to quality infrastructure for sustainable clinical trials, strengthening R&D centres and biotech clusters, and improving availability of data • Identify ways to increase the variety of R&D financing resources to encourage pharmaceutical R&D, such as providing subsidies and tax incentives for start-ups focused on R&D
13:15 - 14:00	LUNCH BREAK
14:00 - 15:30	SESSION 3: Healthcare Delivery & Market Access: Achieving sustainable and equitable access <i>Key Discussion Points:</i> <ul style="list-style-type: none"> • This session explores the key opportunities that need to be realized to improve the market access of the drugs in the country • Innovative Pricing models • Digitization, tele-consult
15:30 - 15:45	BREAK
15:45 - 17:15	SESSION 4: Next Frontiers <i>Key Discussion Points:</i> <ul style="list-style-type: none"> • Overarching regulatory body • Preventives (OTC, wellness) • Rare Diseases Policy • Increase in spending on healthcare

INDIA MEDICAL DEVICE 2021 - CONFERENCE PROGRAM

2nd March, 2021, Tuesday

10:00 - 11:30	<p>Session 1: Theme Session: Paving the Road for India's self-reliance in Medical Devices</p> <p>Session Brief: To identify the present status of Med-tech industry in terms of market size, local capacity, import dependency of raw materials as well as finished products and the effect of the pandemic. Further to identify the need requirements of MedTech industry and to evolve the rectifying measures in the short term, mid-term, and long term.</p> <p>Key Takeaways:</p> <ul style="list-style-type: none">• To make India the most favoured destination for MedTech manufacturing <p>Session to begin with: A presentation providing the status of Indian MedTech industry followed by presentation by an international alliance. (Switzerland/Ireland)</p>
11:45 - 13:15	<p>Session 2: Innovation and R&DEcosystem</p> <p>Session Brief: Government should encourage R&D in India to feed Make in India as technology evolves rapidly in this space. Openness to best global practices, seamless flow of innovation, recognition of international standards and Intellectual Property Rights (IPR), policy support and incentives pave the way forward for inviting investments in R&D and therefore making India ready for the next in 'Make in India'. The session will deliberate on the roadmap to make India a hub for launching and adopting newer medical devices as a first preference destination. Focus should be on innovation that will eventually lead to world class indigenous manufacturing process for the domestic as well as overseas markets.</p> <p>Key Takeaways:</p> <ul style="list-style-type: none">• Issues pertaining to IPR registration• Return on R&D investment• Pricing policy on technologies with incremental innovation - shift from cost base price capping to margin rationalization• Clinical trial liabilities• Animal labs and testing labs• Faster regulatory approval process for non-predicate medical devices
14:00 - 15:30	<p>Session 3: Increasing Access to Quality and innovative Medical Devices</p> <p>Session Brief: Presently only 45 Cr. of the population is covered under health insurance. Out of which 35.7 Cr. are under basic Government schemes, 7.29 Cr. under group insurance, 4.21 Cr. under individual insurance. This results in high Out of Pocket Expenditure (OOPS) for the patients (66%) and lesser access to quality medical devices with the per capita spend on medical devices at just above 3 USD (compared to global average of 45 USD).</p> <p>Key Takeaways:</p> <ul style="list-style-type: none">• HTA, Standards• Pricing• How to increase the Health insurance scheme to all to ensure universal healthcare?• Simultaneously, how reduce long term cost by value-based procurement?
15:45 - 17:15	<p>Session 4: MedTech's role in accelerating Digital Health to increase patient access, improve outcomes and deliver efficient healthcare</p> <p>Session Brief: Explore how the medical devices and diagnostic sector is transforming into medtech for contributing to the digital health agenda for Universal Health coverage. Discuss how the healthcare industry in partnership with other emerging technology providers and the government can partner to accelerate Digital Health.</p> <p>Key Takeaways:</p> <ul style="list-style-type: none">• Operationalizing National Digital Health Mission through an ecosystem approach• Innovative public-private partnerships for accelerating digital transformation to increase healthcare access• Digital as an enabler of Value Based Healthcare
